

Feboclean WP

Roller Protecting Paste

Roller protecting paste, to be used on dry running rollers when not printing on all printing units, for use with conventional inking rollers.

Application

-
- prevents dry running of inking rollers
 - prevents higher abrasion and overheating of inking roller surface
 - prolongs roller life
 - good compatibility with elastomer roller qualities for conventional inks
 - not to be used for UV printing rollers (EPDM)

Features

Feboclean WP is applied to the roller by spreading the paste with a spatula over the roller surface. Due to its consistency it is very easy to apply and use. After use, Feboclean WP is removed by washing off with our approved Böttcher roller washes.

Note

 2 kg tin

Package

Feboclean WP is classified according to EC-Directive 1999/45/EC - in its latest version and does not need to be marked. Feboclean WP is not a dangerous good in the sense of national and international transport regulations.
